## Agency response

Interstate Hwy 70 essentially divides the city in half. The interstate, aside from carrying interstate traffic, is the main artery carrying daily commuter traffic from St. Charles City and cities west of St. Charles to the Greater St. Louis Area. St. Charles City also contains two highly traveled state highways, Hwy 94 and Hwy 370, which also serve as main arterial routes. State Hwy 364, to a lesser degree, impacts traffic volume in the city. St. Charles City is the county seat and contains the county jail, county courts building and all of the county's administrative offices. All such business conducted in person with county government is conducted in St. Charles City and greatly contributes to traffic in the city's core business area. The Historic Main Street District is the site of approximately 33 festivals drawing crowds from hundreds of miles. Even beyond the schedule's festivals, the city's historic district and Frontier Park are daily attractions for tourist traffic from outside the city. The St. Charles Family Arena is an events style facility with seating for over 11,000 and hosts its own busy schedule of concert, sports and entertainment programs. The Ameristar Casino is contained in the city limits and draws thousands of visitors daily from far beyond the City of St. Charles. The casino is also one of the city's biggest employers. Lindenwood University, within the city limits, provides education and boarding to a large national and international student body. Sanford Brown College and other small business and technical colleges within the city limits bring in students daily from outside the city.
